

# Compact with Africa (CwA): Objective

The Compact with Africa is the central pillar of the German G20 Presidency's Africa Partnership: African Countries, International Financial Institutions (IFIs: African Development Bank, World Bank Group, International Monetary Fund) and bilateral partners prepare **comprehensive, coordinated, and country-specific** Investment Compacts to promote private investment, including in infrastructure with early private sector engagement and political backing from the G20. The approach promises **credibility, visibility, and scale**.
